Letter to Our Customers

Dear Valued Customer,

Over the past few years, Esseco USA has received a significant increase in the number of questionnaires, surveys, and document requests from our customers.

Most of these requests focus on the same product, manufacturing, quality, and safety issues.

Moving forward, we will be unable to complete each customer's specific documentation requests.

In order to respond to all of these varied types of requests, Esseco USA has generated a comprehensive product specific Data Package (Data Pack) that will provide most if not all of the requested information.

We are confident that this Data Pack will ensure that consistent information is provided in a timely and efficient manner. The Data Pack is updated annually to ensure all data is accurate, and additionally the Data Pack will be updated in reaction to major regulatory changes.

Sincerely

Esseco USA Technical Services

All statements, information, and data given herein are believed to be accurate and reliable but are presented without guaranty, warranty, or responsibility of any kind, express or implied. Statements or suggestions concerning possible use of our products are made without representation or warranty that any such use is free of patent infringement, and are not recommendations to infringe any patent. The user should not assume that all safety measures are indicated or that other measures may not be required. All suggestions made herein are intended for use by persons having requisite knowledge and skill, and are to be utilized at their own risk. Esseco USA assumes no responsibility for this information, and potential purchasers waive all claims they may have and agree to indemnify and hold harmless Esseco USA from any claims or damages they may later allege relative to their reliance upon these suggestions.

General

Product

Name	Ammonium Bicarbonate Food Grade
Code	1AJANE

Supplier

Name	Esseco USA
Address	4 Gatehall Drive, Parsippany, NJ 07054
Phone	973-267-3330
Internet	https://www.essecousa.com/

Manufacturer

Name	Addcon Nordic AS
Address	Herøya Industrial Park B-85, Hydrovegen 55, 3936 Porsgrunn, Norway
Phone	+47 35 56 41 00
Internet	https://www.addcon.com/index.php/en/
Country of Origin	Norway

Products Details

Product References

- CAS No. (Chemical Abstracts Service): 1066-33-7
- EC No. (European Inventory of Existing Commercial Chemical Substances): 213-911-5
- E No. (EU number for additives): E503
- REACH (Registration, Evaluation, Authorization of Chemicals): registration number 01-2119486970-26

Storage

- Store the product (in original packaging when possible) in a cool (below 85 F), well-ventilated, and dry indoor location.
- Shelf-life is 24 months from date of manufacture when stored in original container
- The characteristics of the product might cause the formation of agglomerates and lumps over time, typically from 12 months onward. The formation of agglomerates and lumps will not influence the active substances and the chemical characteristics of the product.

Compliance

- Regulation (EU) No 231/2012 (food additives)
- Food Chemicals Codex(FCC) XII

Packaging

- The packaging used for the Ammonium Bicarbonate sold by Esseco USA is suitable for food contact.
- The Ammonium Bicarbonate sold by Esseco USA is packaged on pallets that have been heat treated and made from European wood. No fungicides including 2,4,6 tribromophenol (TBP) or 2,4,6 trichlorophenol (TCP) are used on any pallets for this product.
- All the Ammonium Bicarbonate that is sold in 25 kg bags by Esseco USA has gone through a metal detection device when it was packaged.

Residual

- The Ammonium Bicarbonate sold by Esseco USA does not contain any of the solvents listed in the United States Pharmacopeia general chapter <467> (Class 1, Class 2, Class 3, or other Table 4), the European Pharmacopeia, or the International Conference on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Consumption (ICH) Residual Solvent (OVI) Lists. In addition, it does not contain any other organic solvents.

Composition

Component	Percent	CAS Number
Ammonium Bicarbonate	99.4	1066-33-7
Magnesium Carbonate	0.6	546-93-0
Total:	100.0	

Manufacturing

Site Information

- Size of Site 200,500 sq ft
- Total Employees 57
- Production Staff 35
- Quality Unit Staff 2
- Quality Assurance Staff 2

Process

- The Ammonium Bicarbonate food grade is manufactured using a synthetic process.
- This is a continuous process in a closed plant
- The raw materials of ammonia and carbon dioxide are reacted and then concentrated until the required density is reached.
- The crystalline product is separated by centrifuge and dried.
- The dried product is blended with the additive Magnesium Carbonate.
- The process is controlled by an automatic system with periodic testing and adjustments performed by the operators.
- The product is packaged in a closed line, equipped with a metal detector.

Manufacturing Information

- The Ammonium Bicarbonate sold by Esseco USA has not been irradiated.
- The product is manufactured using current Good Manufacturing Practices (cGMP).

Quality System

- The plant maintains a FSSC 22000 Certification which meets the Global Food Safety Initiative(GFSI).
- The plant maintains an ISO 9001:2015 Certification.
- The plant has an FDA registration number of 17179467870.

Lot Numbering System

- Numbering System Explanation

The first two numbers designate the day of the month.
The following three letter designate the calendar month.
The last four numbers designates the year of production.

- Example for Lot Number 22.Jun.2022

22 – Day on month of Manufacture, 22
Jun – Calendar month, June
2022 - Product was packaged in 2022

Products Not Used in Manufacturing of Product

This product does not contain and hasn't been in contact with the following:

- Melamine
- Pesticides
- Residual Solvents (US & Europe Pharmacopeia Listings)

Food Information

Food Information

- This product is a substance that is generally recognized as safe (GRAS) per Title 21 of the Code of Federal Regulations Part 184.1135 (2020).
- The product is in compliance with all Kosher requirements.
- The product is in compliance with all Halal requirements.
- The product does not contain any ingredients of animal origin or alcohol. Furthermore, we can exclude any risk of environmental contamination during manufacture, filling, packing, transportation and storage.
- The Food grade Ammonium Bicarbonate sold by Esseco USA meets all of the requirements of the US Food and Drug Administration (FDA) Food Safety Modernization Act (FSMA).
- Esseco USA is the importer of record for the Food grade Ammonium Bicarbonate sold by Esseco USA and has taken all of the necessary steps to be compliant with the United States Food and Drug Administration's Foreign Supplier Verification Program (FSVP) for importers of food for humans and animals.

Diet Suitability

The product is suitable for:

- Vegans
- Lacto / Ovo-lacto vegetarians
- Diabetics
- Lactose intolerants
- Celiacs

Microbiological

The Ammonium Bicarbonate sold by Esseco USA has been tested and does not contain microbiological hazards. Retesting is done on an annual basis.

BSE/TSE/GMO/BE

This is to certify that Ammonium Bicarbonate sold by Esseco USA does not contain any materials that are of organic or animal origin. In addition, it does not come in contact with materials of organic or animal origin in its manufacture. Therefore, it is BSE / TSE compliant and contains no Genetically Modified Organisms (GMO's) or Bioengineered(BE) materials.

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
167759-2014-AQ-DEN-DANAK

Initial certification date:
15 December 2006

Valid:
25 August 2021 – 13 July 2024

This is to certify that the management system of
ADDCON Nordic AS
Hydrovegen 55, Herøya Industripark B-85, 3936 Porsgrunn, Norway

has been found to conform to the Quality Management System standard:
ISO 9001:2015

This certificate is valid for the following scope:

Production, sales, distribution and marketing of organic acids, their salts and bases: Feed additive and premixtures for use in poultry's and pig's food. De-icing liquid used for de-icing runways/open areas. Ensiling agent for grass enables higher energy intake by ruminants. Preservation agent for fishmeal industry, fish byproducts and slaughter facilities on land. Production of Potassium formate (liquid and solid) as Drill-in and completion fluid for use within the oil and gas industry. Secondary refrigerant for use in indirect cooling system. Amoniumbicarbonate rising agent for use in food.

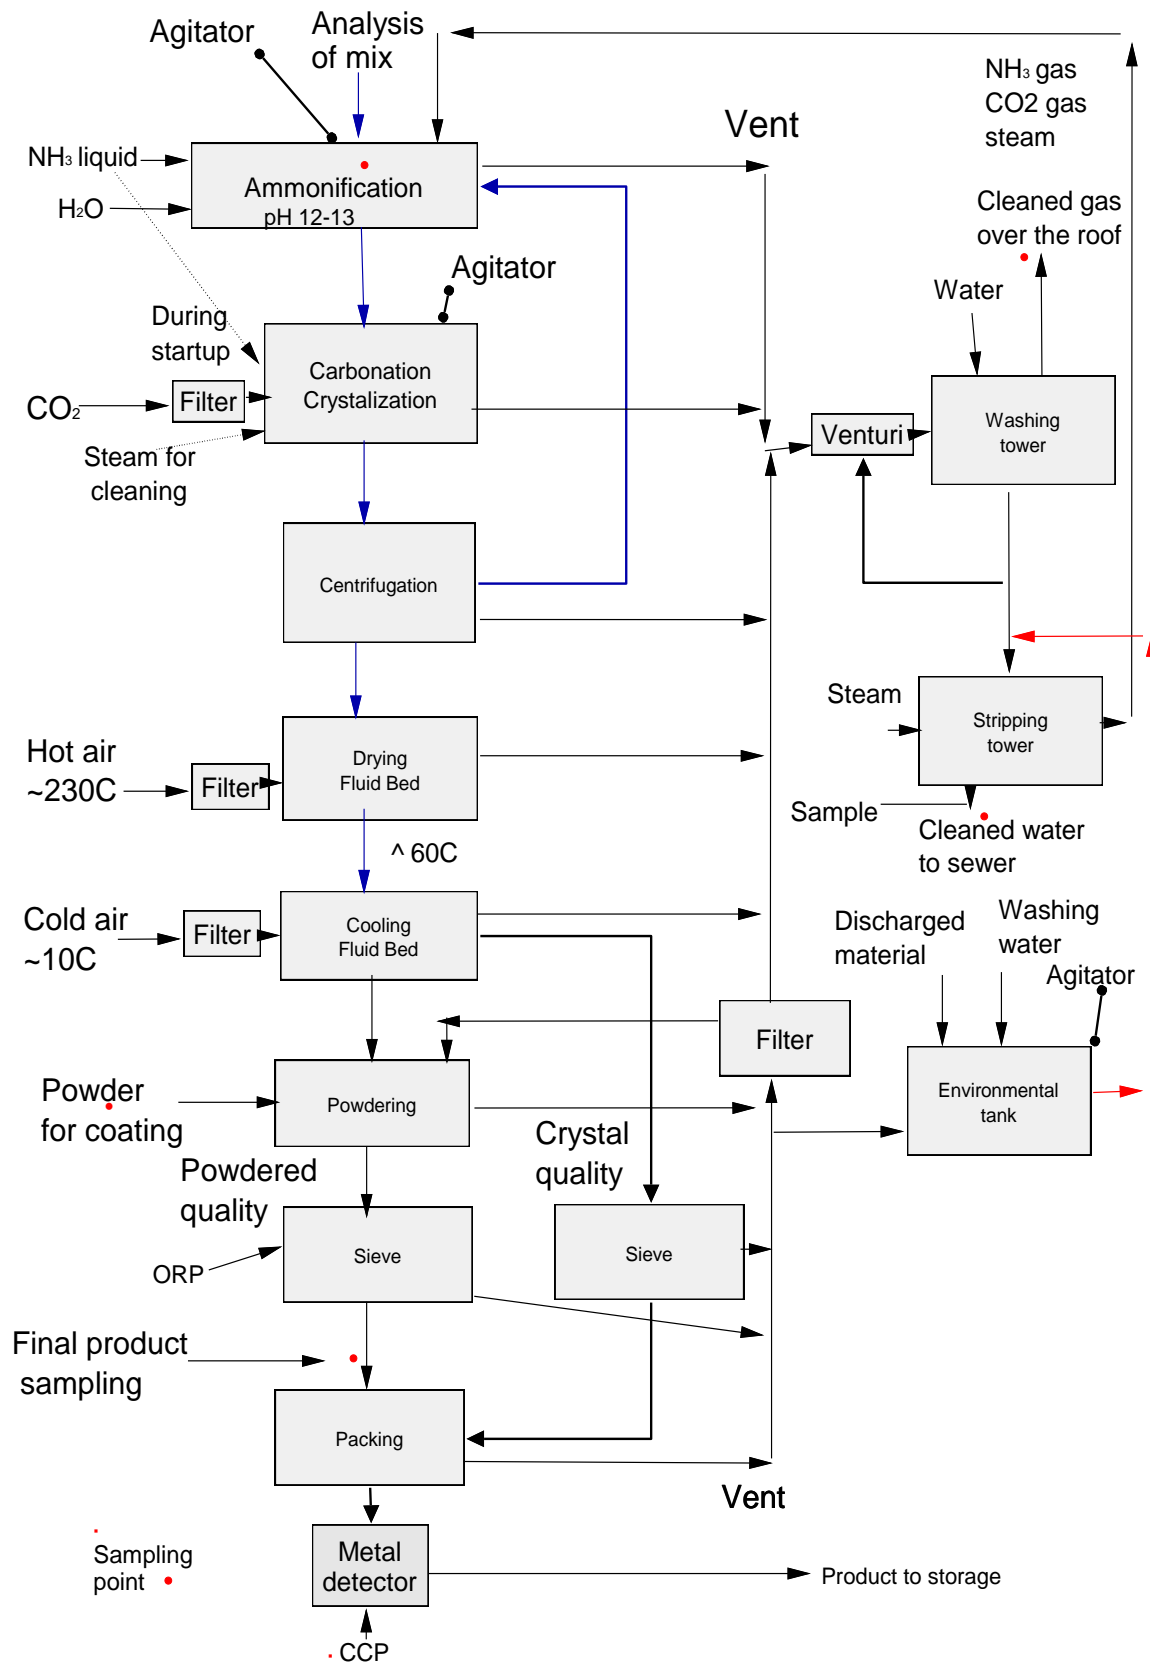

Place and date:
Hellerup, 25 August 2021

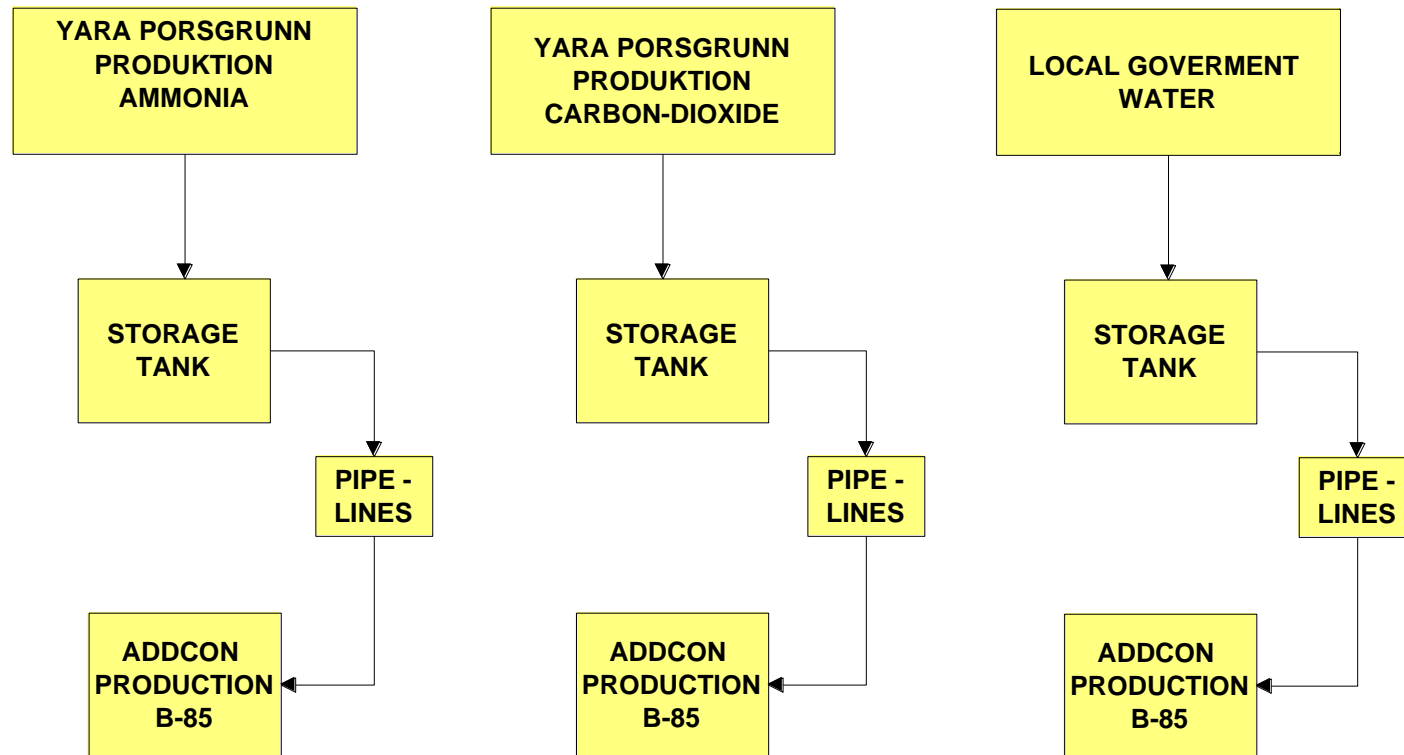

For the issuing office:
DNV - Business Assurance
Tuborg Parkvej 8, 2., 2900 Hellerup, Denmark

ALLERGENS STATEMENT

We can confirm that our Ammonium bicarbonate (ABC) is not produced with raw materials which are influenced by allergens and that we do not use allergenic materials in the engineering processes.

The list of allergens below is according to Directive 2000/13/WE as amended Directive 2003/89/EC, 2007/68/EC and 1169/2011/EC.

Our ammonium bicarbonate does not contain any of the following known allergens:

Artificial Sweeteners.

Celery and products thereof.

Colorants.

Crustaceans and products thereof

Dyes.

Egg or Egg Products.

Gluten (Wheat, Barley, Rye, or Oats) products thereof.

Other cereals containing gluten and products thereof (rye, barley, oat, spelt, kamut, rice and wild rice, sorghum, buckwheat, millet, quinoa).

Fish and products thereof.

Lactose.

Latex..

Lupin and products thereof

Molluscs and products thereof..

Milk or Milk Products (cow's milk proteins, lactose...).

Monosodium Glutamate (MSG)

Mustard and products thereof.

Peanuts or Peanut Products.

Preservatives.

Seafood or Seafood Products (Fish or Shellfish).

Seeds or Seed Products (Cotton, Poppy, Sesame, or Sunflower).

Soybeans or Soybean Products.

Nuts or Nut Products (Almond, Brazil, Cashew, Chestnut, Hazelnut, Pine, Pistachio, Pecan, Macadamia, or Walnut).

Wheat or Wheat Products.

Sulphur dioxide and sulphites are not contained in concentrations of more than 10mg/kg.

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
163371-2014-FSMS-DEN-RvA

Initial certification date:
15 December 2006

Valid:
15 November 2021 – 02 July 2024

This is to certify that the management system of

ADDCON Nordic AS

Hydrovegen 55, Herøya Industripark B-85, 3936 Porsgrunn, Norway

has been assessed and determined to comply with the requirements of
FOOD SAFETY SYSTEM CERTIFICATION 22000

Certification scheme for food safety management systems consisting of the following elements:
ISO 22000:2018, ISO/TS 22002-1:2009 and additional FSSC 22000 requirements (Version 5.1).

This certificate is applicable for the scope of:

Production of ammonium bicarbonate as food ingredient. Category K

The certification system consists of a minimum annual audit of the food safety management systems and a minimum annual verification of the PRP elements and additional requirements as included in the scheme and applicable technical specification for sector PRPs. Validity of this certificate can be verified in the FSSC 22000 database of certified organizations available on www.fssc22000.com.

Date of Certification Decision:
15 November 2021
