Letter to Our Customers

Dear Valued Customer,

Over the past few years, Esseco USA has received a significant increase in the number of questionnaires, surveys, and document requests from our customers.

Most of these requests focus on the same product, manufacturing, quality, and safety issues.

Moving forward, we will be unable to complete each customer's specific documentation requests.

In order to respond to all of these varied types of requests, Esseco USA has generated a comprehensive product specific Data Package (Data Pack) that will provide most if not all of the requested information.

We are confident that this Data Pack will ensure that consistent information is provided in a timely and efficient manner. The Data Pack is updated annually to ensure all data is accurate, and additionally the Data Pack will be updated in reaction to major regulatory changes.

Sincerely

Esseco USA Technical Services

All statements, information, and data given herein are believed to be accurate and reliable but are presented without guaranty, warranty, or responsibility of any kind, express or implied. Statements or suggestions concerning possible use of our products are made without representation or warranty that any such use is free of patent infringement, and are not recommendations to infringe any patent. The user should not assume that all safety measures are indicated or that other measures may not be required. All suggestions made herein are intended for use by persons having requisite knowledge and skill, and are to be utilized at their own risk. Esseco USA assumes no responsibility for this information, and potential purchasers waive all claims they may have and agree to indemnify and hold harmless Esseco USA from any claims or damages they may later allege relative to their reliance upon these suggestions.

General

Product

Name	Potassium Bicarbonate
Code	1KB03E

Supplier

Name	Esseco USA
Address	4 Gatehall Drive, Parsippany, NJ 07054
Phone	973-267-3330
Internet	https://www.essecousa.com/

Manufacturer

Name	Esseco Srl
Address	Via San Cassiano 99, San Martino di Trecate, Novara 28069, Italy
Phone	+39 0321 7901
Internet	www.esseco.com/en/
Country of Origin	Italy

Products Details

General Information

- Potassium Bicarbonate is manufactured with inorganic raw materials(No plants or organic materials) and is therefore considered a synthetic product

Product References

- CAS No. (Chemical Abstracts Service): 298-14-6
- EINECS (European Inventory of Existing Commercial Chemical Substances): 206-059-0
- E No. (EU number for additives): E501 (ii)
- REACH (Registration, Evaluation, Authorization of Chemicals): registration number 01-2119532640-48-0007

Storage

- Store the product in a cool and dry indoor location, s, away from direct heat or sunlight. Product decomposes, developing carbon dioxide and water vapor, if exposure to high temperature (100°C and over).
- Shelf-life is 2 years from date of manufacture when stored in original container

Compliance

- Regulation (EU) No 231/2012 (food additives)
- FCC XIII (2022)

Packaging

- The packaging used for the Potassium Bicarbonate Food Grade sold by Esseco USA is suitable for food contact, this includes both 50 lb bags and various supersack sizes.
- All the Potassium Bicarbonate sold by Esseco USA is produced by Esseco srl in Italy and is packaged on pallets that have been heat treated and made from European wood. No fungicides including 2,4,6 tribromophenol (TBP) or 2,4,6 trichlorophenol (TCP) are used on any pallets for this product.
- All the Potassium Bicarbonate that is sold in 50 lb bags by Esseco USA has gone through a metal detection device when it was packaged by Esseco Srl in Trecate, Italy.

Contaminants

- The Potassium Bicarbonate Food Grade sold by Esseco USA meets all of the product specification requirements. The product may at times contain very small quantities of off-color yellow, gray, brown, or black particulates. These particulate contaminants are technically unavoidable due to current raw materials, equipment, and manufacturing technology utilized to produce and package the product.

Residual

- The Potassium Bicarbonate Food Grade sold by Esseco USA does not contain any of the solvents listed in the United States Pharmacopeia general chapter <467> (Class 1, Class 2,

Class 3, or other Table 4), the European Pharmacopeia, or the International Conference on Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Consumption (ICH) Residual Solvent (OVI) Lists. In addition, it does not contain any other organic solvents.

Cosmetics

- The Potassium Bicarbonate Food Grade sold by Esseco USA does not contain any of the substances which have been classified as carcinogenic, mutagenic or toxic for reproduction (CMR) of category 1A, category 1B or category 2 under Part 3 of Annex VI to Regulation (EC) No 1272/2008 (CMR substances).
- The Potassium Bicarbonate Food Grade sold by Esseco USA complies with Cosmetic Regulation (EC) No 1223/2009.
- The Potassium Bicarbonate Food Grade sold by Esseco USA does not contain any added fragrances.

BSE/TSE/GMO

- This is to certify that the Potassium Bicarbonate Food Grade sold by Esseco USA does not contain any materials that are of organic or animal origin. In addition, it does not come in contact with materials of organic or animal origin in its manufacture. Therefore, it is BSE / TSE compliant and contains no Genetically Modified Organisms (GMO's).

Composition

Component	Percent	CAS Number
Potassium Bicarbonate	98	298-14-6
Total:	100.0	

Manufacturing

Site Information

- Size of Site 1,800,000 sq ft
- Total Employees 230 (approx)
- Production Staff 155 (approx)
- Quality Unit Staff 8
- Quality Assurance Staff 4

Process

- The Potassium Bicarbonate food grade is manufactured using a synthetic process.
- This is a continuous process in a closed and dedicated plant by reaction of carbon dioxide and potassium hydroxide; crystallization and drying of the salt.
- Process is controlled by a completely automatic system with periodic IPCs performed by the operators.
- The product is packaged in a closed and dedicated line, equipped with a metal detector (sensitivity: 2.5 mm of ferrous, non-ferrous, and stainless steel).
- Entire production complies with GMP requirements defined in Food Chemical Codex and International Pharmaceutical Excipients Council.

Manufacturing Information

- The product is not treated with ionizing radiation during the production process and is not treated with any ingredient treated with ionizing radiation.
- The product is manufactured using current Good Manufacturing Practices (cGMP).

Quality System

- The plant maintains a FSSC 22000 Certification from Global Food Safety Initiative(GFSI).
- The plant maintains an ISO 9001:2015 Certification.
- The plant has an FDA registration number of 10290799032.

Lot Numbering System

The weekly lot code consists of YEAR (XX) – WEEK (YY) – PRODUCT (ZZ) – PLANT (WW).

- First block (YEAR – XX) = two-digit year of manufacture.
- Second block (WEEK – YY) = two-digit production week number.
- Third block (PRODUCT – ZZ) = manufacturer-assigned product code.
- Fourth block (PLANT – WW) = manufacturer-assigned plant code.

Example: 26040201

- 26 = year 2026
- 04 = Week 04 of the year
- 02 = Product code: Sodium Sulfite
- 01 = line Code/Plant code: San Martino di Trecate (NO)

Products Not Used in Manufacturing of Product

This product does not contain and hasn't been in contact with the following:

POTASSIUM BICARBONATE FOOD GRADE DATA PACKAGE

- Aldehydes
- Bioengineered Ingredients (GMOs)
- Bisphenol A
- Bromate
- Diacetyl
- Dioxin
- Ethylene Oxide
- Formaldehyde
- Graphite
- Halogenate chemicals
- Jatropha Plant
- Latex
- Melamine
- Metal Catalysts
- Mycotoxins
- Nanometals
- Nitrosamines
- Nonylphenol ethoxylates or alkylphenols
- Palm oil or palm oil derivatives
- Parabens – Butylparben or Propylparaben
- Partially hydrogenated oils
- Polychlorinated biphenyl or Polybrominated biphenyl
- Perfluoroalkyl and Polyfluoroalkyl
- Perfluorohexane sulfonic acid
- Pesticides
- Phenols
- Phthalates or esters
- Residual Solvents (US & Europe Pharmacopeia Listings)
- Quaternary ammonium compounds
- Sewage Sludge
- Toluene
- Triclosan
- VOC

Additional Site Information

- Pest activity is checked 12 times per year by specialized external firm (Rentokil Srl).

Food Information

Food Information

- This product is a substance that is generally recognized as safe (GRAS) per Title 21 of the Code of Federal Regulations Part 184.1613.
- The product is in compliance with all Kosher requirements.
- The product is in compliance with all Halal requirements.
- The product does not contain any ingredients of animal origin or alcohol. Furthermore we can exclude any risk of environmental contamination during manufacture, filling, packing, transportation and storage.
- The Potassium Bicarbonate Food Grade sold by Esseco USA meets all of the requirements of the US Food and Drug Administration (FDA) Food Safety Modernization Act (FSMA).
- Esseco USA is the importer of record for the Potassium Bicarbonate Food Grade sold by Esseco USA and has taken all of the necessary steps to be compliant with the United States Food and Drug Administration's Foreign Supplier Verification Program (FSVP) for importers of food for humans and animals.

Diet Suitability

The product is suitable for:

- Vegans
- Lacto / Ovo-lacto vegetarians
- Diabetics
- Lactose intolerants
- Celiacs

Microbiological

The Potassium Bicarbonate sold by Esseco USA is an **inorganic salt**; we do not expect any **developing risk of microorganisms and micotoxins formation or contamination**. The product will not support growth of the following:

- Aflatoxins
- Mycotoxins
- Pathogens

CERTIFICATO DI SISTEMA DI GESTIONE

Certificato n.:
C670923

Data Prima Emissione:
10 giugno 1994
(da differente Organismo di Certificazione)

Validità:
18 marzo 2024 – 08 giugno 2026

Si certifica che il sistema di gestione di

ESSECO S.r.l.

Via San Cassiano, 99 - 28069 San Martino di Trecate (NO) - Italia

È conforme allo Standard:

ISO 9001:2015

Questa certificazione è valida per il seguente campo applicativo:

**Sviluppo, produzione, analisi di laboratorio, vendita e commercializzazione di: prodotti chimici per l'industria e per l'agricoltura; additivi e coadiuvanti per il settore enologico e per l'industria alimentare. Produzione, stoccaggio e vendita deicer (sghiacciante per pista aeroporti) e sodio idrosolfito.
(IAF 12, 03)**

HACCP / CCP STATEMENT

Product: Potassium Bicarbonate FFQ Food Grade

Product Code: 1KB03E

To Whom it May Concern:

We hereby declare that the food grade Potassium Bicarbonate sold by Esseco USA is produced and handled in accordance with an established HACCP plan designed to identify and control significant food-safety hazards. The Critical Control Points (CCPs) outlined below represent the key stages in the process where control measures are essential to prevent, eliminate, or reduce hazards to acceptable levels.

Critical Control Points (CCPs)

PHASE	RISK			PREVENTIVE CHECK	CCP/ OPRP	MONITORING	CORRECTIVE ACTION	REGISTERED
	M	C	P					
A	N	Y	N	<u>Purification of CO2</u> Checking the correct pH conditions of the scrubber tower	OPRP	Checks at every shift	Product segregation and downgrading	On record
1	N	N	N	<u>Adding of raw materials</u> Chemical control of raw materials and utilities	N	Supplier approval procedures, incoming checks. Utilities control	Replacement of raw materials, product downgrading	On record
2	N	N	N	<u>Crystallization</u> In process control	N	Checks at every shift	Product downgrade	On record
3	N	N	N	<u>Centrifugation</u> In process control	N	Checks at every shift	Product downgrade	On record
4	N	N	N	<u>Drying</u> Control of utilities	N	Checks according to control plan	Product downgrade	On record
5	N	N	Y	<u>Packaging in BB</u> Constant control of metal detector	OPRP	Check during packaging	Product segregation and downgrading	On record
6	N	N	N	<u>Transfer to packaging line</u> Application of GMP procedures	N	Check according to GMP procedure	Product downgrade	On record
7	N	N	Y	<u>Packaging in bag</u> Constant control of metal detector	OPRP	Check during packaging	Product segregation and downgrading	On record
	N	Y	N	<u>Packaging in bag</u> Check sulfites content in case of packaging change	CCP	Analytical check	Product segregation and downgrading	On record

ALLERGENS STATEMENT

Product: Food grade of Potassium Bicarbonate

To Whom it May Concern:

We hereby declare that the food grade of Potassium Bicarbonate sold by Esseco USA is not processed with, does not come in contact with, and does not contain any of the following known allergens:

Artificial Sweeteners

Celery

Colorants

Dyes

Egg or Egg Products

Fish or Fish Products

Gluten (Wheat, Barley, Rye, or Oats)

Lactose

Latex

Lupin

Milk or Milk Products

Monosodium Glutamate (MSG)

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
C671026
COID Code:
ITA-1-0253-225461

Initial certification date:
20 March 2024

Valid:
16 November 2024 – 15 November 2027

This is to certify that the Food Safety Management System of

ESSECO S.r.l.

Via San Cassiano, 99 - 28069 San Martino di Trecate (NO) - Italy

has been assessed and determined to comply with the requirements of
FSSC 22000

Certification scheme for food safety management systems consisting of the following elements:
ISO 22000:2018, ISO/TS 22002-1:2009 and Additional FSSC 22000 requirements (Version 6).

This certificate is applicable for the scope of:

Production (including synthesis processes, dissolving, drying, filtering, mixing) and packaging in pouches, cans, jars, bags and big-bags of additives and technological adjuvant for the oenological and food sectors. Category K

Date of Certification Decision:
07 July 2024

Date of the last unannounced audit:
08 February 2023

Issue Date / Place and date:
Vimercate (MB), 11 July 2024

MS N°0003

FOOD SECURITY (BIOTERRORISM) STATEMENT

Product: Potassium Bicarbonate FFQ Food Grade

Product Code: 1KB03E

To Whom it May Concern:

Thank you for your recent inquiry about our compliance with the FDA regulations related to the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (The Bioterrorism Act).

The events of September 11, 2001, highlighted the need to enhance the security of the infrastructure of the United States, including the food supply. Congress responded by enacting the Bioterrorism Act (Public Law 107-188), which was signed into law on June 12, 2002. The Bioterrorism Act includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 305, which requires the Secretary of Health and Human Services to develop a regulation to require domestic and foreign facilities that manufacture, process, pack, or hold food for consumption in the United States to register with FDA by December 12, 2003. EssecoUSA LLC is in full compliance with Section 305.

The Bioterrorism Act also includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 307, which requires the Secretary of Health and Human Services to develop a regulation to require that the FDA receive prior notice for food imported or offered for import into the United States. Esseco USA LLC is in full compliance with Section 307.

Finally, The Bioterrorism Act includes a provision in Title III (Protecting Safety and Security of Food and Drug Supply), Subtitle A – Protection of Food Supply, Section 306, which requires the Secretary of Health and Human Services to develop a regulation to established recordkeeping requirements for persons (excluding farms and restaurants) who manufacture, process, pack, transport, distribute, receive, hold, or import food to establish and maintain food records. Esseco USA LLC is in full compliance with Section 306.

WE HEREBY CERTIFY THAT OUR COMPANY HAS RECEIVED A REGISTRATION NUMBER FROM THE U.S.FDA REGISTRATION OF FOOD FACILITIES, AND COMPLIES WITH THE BIOTERRORISM ACT OF 2002.

FDA Registration Number 10290799032

We hope that this information is useful to you. If you have any questions or require additional information, please feel free to contact us.

Sincerely,

Mina Abdelmalek

CALIFORNIA PROPOSITION 65 STATEMENT

Product: Potassium Bicarbonate FFQ Food Grade

To Whom it May Concern:

We hereby declare that the Food grade of potassium bicarbonate sold by Esseco USA is not included in the December 5, 2025 listing of chemicals known to the state of California to cause cancer or birth defects or other reproductive harm.

This information is accurate to the best of our knowledge at the time of this writing. It should, therefore, not be construed as guaranteeing specific properties. Because regulations and laws are continually being revised, the status of the aforementioned product could eventually change. We do not perform routine analytical testing to detect the presence of contaminants. The buyers or users are responsible for ensuring that the products they use, as supplied by us, are appropriate for and comply with the specific requirements of their intended application.

We hope that this information is useful to you. If you have any questions or require additional information, please feel free to contact us.

Sincerely,

Mina Abdelmalek

Date: January 02, 2026
Version: 01**Microplastic Statement****Product:** Potassium Bicarbonate FFQ Food Grade

To Whom it May Concern:

We hereby declare that the food grade of potassium bicarbonate sold by Esseco USA is free from microplastics and no microplastics are used in its manufacturing process. Sodium Metabisulfite does not contain microbeads, defined as solid plastic particles less than five millimeters in size. Microplastics are solid plastic particles composed of polymer mixtures and functional additives, which may also contain residual impurities. It is important to note that microplastics can be unintentionally formed through the wear and tear of larger plastic pieces.
